POINTERS TO REVIEW
MATHEMATICS 7
THIRD QUARTER
SY 2019 - 2020

LINEAR EQUATIONS
1. Definition of a Linear Equation
2. Solving Linear Equations
3. Solving Fractional Equations
4. Solving Multi-step Equations

APPLICATIONS OF LINEAR EQUATIONS IN REAL – WORLD CONTEXT
1. Linking Model Method to Algebraic Method

LINEAR INEQUALITIES
1. Inequalities
2. Equations and Inequalities
3. Properties of Inequalities
4. Solving Linear Inequalities
5. Application of Linear Inequalities in Real-World Context
6. Linear Inequalities in One Variable
