

**MATHEMATICS 8**  
**4<sup>TH</sup> QUARTER**  
**POINTERS TO REVIEW**

**THEOREMS ON TRIANGLE INEQUALITIES**

- Triangle Inequality In One Triangle
- Triangle Inequality in Two Triangles
- Parallel lines and Special Angles
- Conditions that guarantee parallelism

**PROBABILITY OF SIMPLE EVENTS**

- Probability Sample Space
- Organizing Outcomes of an Event and the Fundamental Counting Principle
- Probability of an event: Experimental Probability and Theoretical Probability
- Problems Involving Probabilities of an event
